Don't just take our word for it,
there are some of our client testimonials
featured throughout this document

"Brilliant help once again.

Problem resolved quickly and efficiently"

Newton Abbot Racecourse

"We are really impressed by the

open approach to problem-solving"

Dundee United Football Club

"Future Ticketing has seamlessly integrated

with our existing technology stack "

Connacht Rugby

Why partner with Future Ticketing?

Cost effective cloud-based solution
providing vendor control

Highly flexible and adaptable tool
offering ease of management in-
house

24/7 real time sales and redemption
anywhere

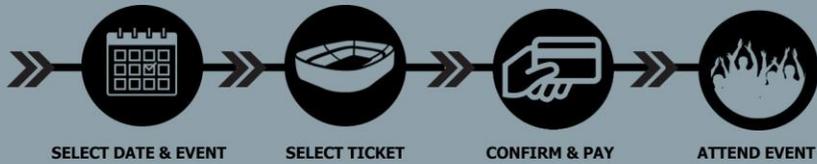

Multiple bar codes, multi scan or
linked bar codes

Bespoke branding

Substantial Scope for Systems
Integration (EPOS, CRM etc.)

horse racing, football and sport

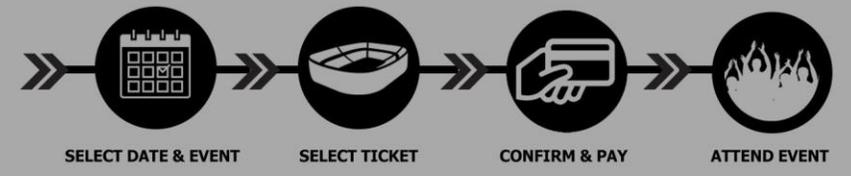

» Bred for horse racing
enhanced for events and venues »

The end to end ticketing solution visitor attractions, events, ...

»» *Future Ticketing makes the Santa Express event a very smooth process. Using time slots and capacities on time slots ensures everyone gets to visit Santa without having to wait or queue. The use of extra fields also allows parents to submit their child's name in advance making that visit to Santa extra special. Oakfield Park is very appreciative of this system for pre-booking and reporting as it makes our lives a lot easier with 20,000 people coming through the gates.* »»

David Fisher, Estate Manager, Oakfield Park

RACE COURSES

» Brilliant help, problems resolved quickly and efficiently »
