

## Custom Flight Cases

**oakleighcases.**<sup>TM</sup>  
protecting your equipment

**Bespoke Flight Cases Custom Protection. Built to Last.**

**Flight Cases for Whatever You Need to Protect - Crafted to Your Specification**

Every Oakleigh case is:

- Custom-built to match your item's exact size and weight
- Designed using advanced CAD software
- Manufactured with precision CNC cutting
- Built with high-grade panels, extrusions, and finishes

*From lightweight carry cases to full-scale control rack enclosures — we make it fit.*

### **Why Choose Oakleigh Cases?**

- Fully bespoke design
- Premium-quality construction
- Shock-absorbing custom foam
- 1: 1 collaboration from start to finish
- Made in the UK

### **Crafted to Your Specification**

No two cases are the same — because no two needs are the same.

Every Oakleigh case is:

- Custom-built to match your item's exact size and weight
- Designed using advanced CAD software
- Manufactured with precision CNC cutting
- Built with high-grade panels, extrusions, and finishes
